

### Sealing

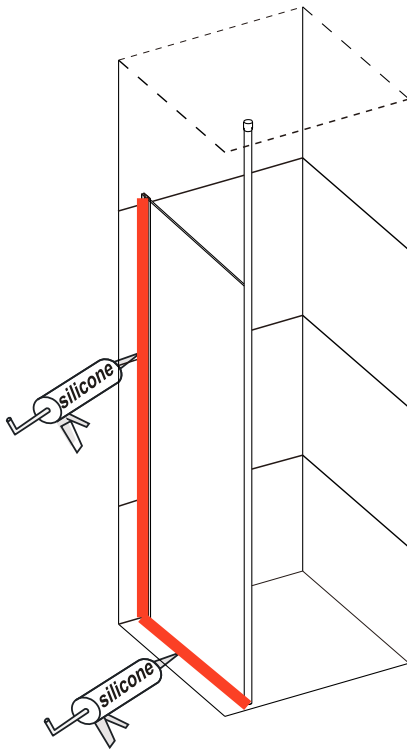

Before sealing make sure all surfaces are clean, dry and free from any residue such as grout. Use quality silicone sealant and applicator gun to finish the wetroom panels.

Seal top to bottom on the **OUTSIDE** between the wall and the wall profile.

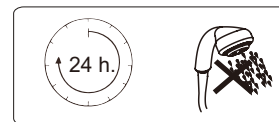

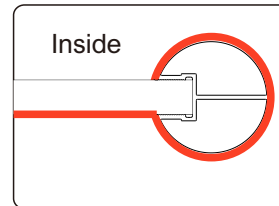

Seal along the bottom on the **OUTSIDE** between the glass/rail/profile and the tray or floor.

Seal all round the base of the ceiling post.

Seal approx 50mm up between the glass and the wall profile.

**DO NOT USE FOR 24 HOURS!**
